ORGANIZED POLISH FORCES SEIZE LARGE SECTION OF UPPER SILESIA

Force Resignation of the British High Commissioner.

KILL SEVERAL OF ALLIED TROOPS

Allied Forces Not Enough To Cope With Situation.

Berlin, May 5— Organized Polish forces have seized a large section of Upper Silesia, killed a number of British and Italian soldiers ,and forced the resignation of the British Commissioner according to advices received here today... The Commissioner, in resigning, declared the allied troops were not numerous enough to withstand the armed force, and guarantee the safety of the German residents.

HOUR HERE FOR GERMANY TO PAY HER OBLIGATIONS

French Premier Expresses Satisfaction Over Work of Council. Leaves For Paris

By ED. L. KEEN,
United Press Correspondent

London, May 5—The Allied Reparation ultimatum was submitted to Germany today, the German ambassador being presented with the note by Prime Minister Lloyd George shortly before 11 o'clock. A second note, containing full and fina lterms for settlement, signed by all the members of the Allied reparations committee wil be given the German mission today or tomorrow. It was signed at 10:15 a. m.

Premier Briand, of France, and the Italian representative of the Supreme Council, left for Paris, this morning at 1 1o'cock both apparenty well satisfied with their mission.

The situation in upper Silesia was touched on briefly by the Council, but complete discussion was postponed unti lanother meeting of the Supreme Council, which probably will be held in Ostend within a short time.

It was authoritively stated that a note will be scnt to Washington inviting the United States to participate in the Council of Ambassadors and the reparation Conferences.

The completion of the final ultimatum, which demanded 6,750,000,000 sterling from Germany, in payment of the World War, marked the end of hard labor by the Allied Supreme Council, which has been in session since last Friday.

It w asofficially announced that the ultimatum would expire May 12. Occupation of German territory will continue if Germany refuses to accept the demands. "Germany will realize at last that the hour has come when she must morally carry out her obligations" Premier Briand declared before departing. "I am leaving feeling completely satisfied" he said. "We have reached the end of our labors under the most favorable circumstances. I believe pressure brought to bear on Germany will produce the proper results."

London, May 5—Germany must be compelled to disarm in order that France may take her eyes off the frontier,Prime Minister Lloyd George told the House of Commons here today in announcing the delivery of the Allied reparations ultimatum to Berlin. The Prime Minister declared the disarmament demands were the most important section of the ultimatum, and said had been served "not because Germany failed on the terms of the treaty, but because of her general attitude."

He appeared before the House immediately after having personally handed the ultimatum to the German ambassador.

By CARL GROAT,

Berlin. (noon) May 5—The Allied reparations ultimatum was received here today. Foreign Minister Walter Simons immediately took the note before the Foreign Committee and informed the members of the Allied demands. Discussion began at once.

KNOX RESOLUTION ENCOUNTERS DELAY IN THE HOUSE

Washington, D. C., May 5 — The Knox Peace Resolution has encountered delay in the House, Chairman Porter and other members of the Foreign Relations Committee announced today. He said it was uncertain when the resolution will be considered, as did also Republican Leader Mondel l.

Asked about the delay in the House, Chairman Porter said "This matter is so important, and so closely connected with the situation in Europe that the House does not propose to rush through the resolution in a hurry. The Senate considered it for three weeks, and I fail to see why the House should pass such an important measure in a few days. The House Committee desires to give the most careful consideration to the measure and will require some time."

IN THE SENATE

The Senate continued debate on the Tariff Bill.

IN THE HOUSE

The House passage of the Budget bill is expected.

Further consideration of the army appropriation bill to follow.

Secretary of Agriculture Wallace is to give his views on Farmer control measures.

The Immigration Committee is expected to consider naturalization proposals.

Merchant Marine Committee confer on the Scott Seaman Bill.

Ways and Means sub-committees continue the work of naming a permanent tariff schedule.

NIGHT NEWS SUMMARY

Dayton, Ohio, May 5.—Arthur Pendleton, 25, McCook Field flyer, killed in plane crash.

Dublin, Ireland, May 5.—A Sergeant and seven constables ambushed outside of Rathmore, county Kerry. One escaped.

GOVERNOR SIGNS THE FULL CREW REPEALER ACT

HARRISBURG, Pa., May 5.—Governor Sproul today signed the Full Crew Repealer Act, and the direct and collateral inheritance act and the amended state depository act, fixing the rate of interest on non-active depositories at 3 per cent. The full crew measure, which now becomes a law, empowers the Public Service Commission to regulate the number of men deemed necessary to man all trains, and also repeals what is k nown as the Full Crew Act of 1911.

The Inheritance tax bill, signed today, is the first of the state revenue measures to receive the approval of the governor. It was defeated first in the House, but passed the Senate where amendments made, placed the direct inheritance tax at 3 per cent and the collateral tax at 8 per cent.

The House refused to concur in the amendment, so the original provisions of 2 per cent on the direct and 10 per cent on collateral were restored. This measure met greater opposition in the House than any other.

The state will receive from $8,000,000 to $10,000,000 from the tax, although it is claimed a greater revenue would have been received if the Senate amendments had carried.

The amended state depository act regulates all deposits in state banks and trust companies and fixes the rate of interest on active deposits at 2 per cent and inactive at 3 per cent. The present rate is 2 per cent flat.

LABOR HURLS DEFY AT CAMPAIGN TO REDUCE WAGES

Cincinnati, O. May 5.—An aggressive nationwide movement to bring the membership of the American Federation of Labor up to the 5,000,000 mark is labor's answer to capital in the campaign to reduce wages and put into effect the open shop, members of the executive council said yesterday as they gathered here for a session at the call of President Gompers.

Leaders affected indifference at the news of a 20 per cent. wage reduction announced by Judge Gary, chairman, of the United States Steel Corporation Wednesday morning. The wage cut will be the first subject to be discussed, it was learned, behind closed doors. The meeting will last throughout the week.

Amon gother matters to come up are: First, five million unemployed; second, extravagance of railroad managers and the fight of the workers for a national board; third, adjustment of prices, and the attitude of President Harding thereon; fourth, the repeal of the Kansas industrial court law and against all compulsory arbitration legislation.

Three strikes and lockouts are up for discussion; the marine engineers and seamen, the printers, and the building trade workers. The 44 hour week demand of the printers was placed before the council and convention by the Typographical Union, which now is striking in more than fifty cities to gain the 44 hour week.

25 KILLED IN REVIVAL OF IRISH SCRAP

Dublin, Ireland, May 5— 25 men killed in three day's revival of fighting between the Sinn Feiners and the Crown forces, were the figures made public today, which showed 12 Sinn Feiners killed in an encounter in the Party mountains; 4 police killed in ambush in County Mayo; 1 Sinn Feiner killed when shots were fired at a funeral which refused to obey military orders, and one sergeant and 7 constables shot dead at Rathmore late yesterday, in an ambush half a mile from their bararcks.

WOMAN JUROR IS EXCUSED FROM DUTY

Jury duty does not appear to appeal as strongly to Clearfield county women as some people expected or thought it would. At least that has been our experience here during the first court at which it was tried out since the "dear creatures" were emancipated.

Miss Hannah Jacobson, the Cooper township young lady, called to serve on the Grand Jury, "stood the jar" for just one day and a half and by that time the job became so irksome she could stand it no longer and requested Judge Bell to excuse her from further service.

About all the work of the Grand Jury had been cleaned up except the visiting of the county buildings and the excuse was granted, and Miss Jacobson departed for home.

EX-SERVICE MAN HELD IN ERIE AS TRAIN WRECKER

ERIE, Pa., May 5.—Arthur Hartleib, alias Walter C. Cox, of New York City, is held in $1,000 bail, charged by New York Central detectives with having attempted to wreck trains.

It is charged he put ties and cement blocks on the tracks, broke switches and used a track "speeder," which he left on the rails and was demolished by an oncoming train. Hartleib was recently discharged from the army.

ARMY OFFICIALS CALLED UP IN BERGDOLL PROBE

Washington. May 5—Chief of Staff Peyton March, the two army sergeants who allowed Grover Cleveland Bergdoll to escape, and other army officials, will be called before the next week, Chairman Peters announced today.

All of the army men connected with the case have been subpoened as has also John O'Connor, Department of Justice operative who has been working on the case.

HOSPITAL DAY TO BE OBSERVED HERE ON MAY 12

Superintendent Mary A. Rothrock, R. N., of the Clearfield Hospital, announced Thursday the hospital is to join other progressive institutions in the United States and Canada, in the observance of National Hospital Day May 12th. There are "Fire Prevention," "Arbor," "Mother" and other days, and even "Be Kind to Dumb Animals Week," but this is the first organized effort to have a "day" for the 8,00 hospitals that are caring for the 3,000,000 people who, according to the American Public Health Association, are sick every day.

May 12th was chosen as National Hospital Day because it is the birthday anniversary of Florence Nightingale, pioneer in modern hospital and nursing methods.

To Hold Open House.

Clearfield Hospital cordially invites the men and women of the community to drop in on May 12th and see for themselves how well it cares for their relatives, friends and fellow citizens who may be sick or injured. The nurses' training school also issues an invitation to the girls and young women to inspect the home for nurses and learn some interesting facts about this splendid profession.

JUDGE BELL GIVES NO SUIT DECISION

SLANDER CASE SETTLED OUT OF COURT. OTHER COURT NOTES

The case of Michael Boyle versus the United Traction Company of DuBois, which was called for trial in civil court yesterday, was nonsuited by Judge Bell after the plaintiff's testimony had been heard. An application for a new trial was made by Smith & Smith, representing the plaintiff.

The slander suit of Mary Marifino against Serafino Pastori, was called for trial, but by the time a jury was secured the parties, who were from Curwensville, agreed to settle and the case was withdrawn.

The settlement provided that each side would agree, in an affidavit made before the court, to refrain in the future from talking to or about the principals or any member of either family.

The two parties got together on their way out of the court room and almost spoiled the settlement right then and there, but Attorney Woodward accepted a mandate over the warring columns and succeeded in inducing the dove of peace to hover over the gathering, at least until they got out of the shadow of the Temple of Justice.

The case of John J. Hand versus Bailey & Goodwin, in which Pentz & Pentz represent the plaintiff, and J. A. Gleason the defendant, was called first thing this morning. A jury was secured and the case then set aside until tomorrow morning, when the trial will be started.

The case of Rebecca Irwin versus A. Neubauer, was then called for trial. This is a suit brought for the purpose of opening a judgment. The attorneys engaged are A. H. Woodward for the plaintiff and Miller & Hartswick for the defendant.

RAUCH—FARRELL

Wilbur O. Rauch and Miss Alice M. Farrell, daughter of Mrs. James Farrell, of East End, were united in marriage at the Eleventh Street Methodist Episcopal parsonage at 2:30 o'clock yesterday afternoon. The ceremony was performed by Rev. Derstine and was witnessed by the bride's mother. They will live in Clerfield.

TWO KILLED. FOUR MISSING IN BIG PAINT PLANT FIRE IN SCRANTON

Scranton, May 5— Two lives are known to have been lost and four persons are missing as a result of fire and explosion in the Diamond Paint & Oil Co. plant in West Scranton shortly before noon today.

William McGee, Jr., son of the manager, and Nan Cummings, a clerk were reported to have been trapped in the burning building at the time. Four others have not been accounted for.

Following the blast a lurid tongue of flame, fifty feet wide, shot a hundred feet skyward, and great clouds of dense black smoke,eminating from burning oils, tumbled outward, obscuring the fire and forming an unimpenetrable screen.

A general alarm was sounded and every available piece of fire apparatus in the city was rushed to the scene.

MYSTERY SURROUNDING BIG BOOZE THEFT DEAL DISPELLED AT LAST

RUNAWAY TIOGA CO. WIFE AND AFFINITY ARE CAUGHT HERE

Chief of Police Hitt rounded up a pair of alleged Tioga county elopers yesterday. Tuesday evening the Chief received a call from Wellsboro, Pa., asking that he attempt to locate F. Newman and Mrs. Lydia Griffin and nine year old daugh ter, who were said to have eloped from the Tioga county capital some three weeks previous.

Found Here.

A search of the town was made and the alleged runaways finally found up on Hillsdale.

When he captured the eloper Hitt notified Wellsboro and a Constable and the woman's husband armed wtih a warrant charging her with adultery, arrived in town this morning and took the woman and child back to Tioga county.

Sequel To Secrets Surrounding Last Friday's Deal Exposed. Booze Still Missing

Harry Frank, of Wilkes-Barre, said to be one of the most pestiferous violators of the Volstead Act in his section of Pennsylvnia, was the alleged owner and shipper of the twenty cases of the illegal booze "knock off"—in bootleggers parlance—at the Creek bridge last Friday morning.

Last Friday was Frank's unlucky day, as a second truck load was also "knocked off" up in the Coalport region about the same time the clean-up was made here. The same "master minds" was interested in both jobs.

Following the clean-up here, Frank came to Clearfield in the hope of salvaging some of his contraband property. He came as far as Tyrone with the two shipments on Thursday last, and at three o'clock in the afternoon the two machines left Tyrone for Clearfield and Coalport in charge of a truck driver. Frank waited at Tyrone for report of the arrival of the booze at its destination.

The drivers were strangers in this region and Frank is alleged to have arranged with two Clearfield county men to pilot the stuff to its destination. Both truckloads were "knocked," as told heretofore, and when the driver of the Clearfield truck reached Tyrone on his return journey, Frank was apprised of the holdup and "robbery."

Frank came to Clearfield Friday and after looking the ground over here, also investigated the Coalport affair. While here he told one of his would-be customers that he had thus far been done out of $35,000 worth of illicit booze in these "knock offs," as he calls them.

Frank tarried too long in this section, as the following story taken from last evening's Altoona Mirror will show:

"The most sensational revelation in the illicit sale of liquor in Blair county since the Federal Prohibition laws were put into effect, was partially developed in court at Hollidaysburg this morning, when Har-

BROOKVILLE MEN OVERCOME BY PAINT FUMES

Dick Galbraith, captain of the Brookville High School Basketball Team, is not only a sterling athlete as was demonstrated during the basketball season recently closed, but he is of the stuff out of which heroes are made.

On Monday last W. B. Main and his son of Camden, N. J., and Hass Horton of Brookville, were engaged in painting the interior of one of the reservoirs of the Brookville Water Company. The elder Main was overcome by the paint fumes and when his son endeavored to carry him up the ladder to the top of the reservoir he also was overcome and both men fell to the floor. Horton was working on the outside and when he saw the predicament his companions were in immediately went to their rescue He in turn was overcome.

Students of the High School just across the street, were called and Dick Galbraith, his face covered with a gas mask, descended into the reservoir and carried each man in turn to the top. The younger Main and Horton were resuscitated promptly but it was fully half an hour before the elder Main recovered consciousness.

RAIN HELD UP CLEAN-UP DRIVE ON WEDNESDAY

Old J. Pluvius, in close liason with his fellow conspirator, old Demon Mud, allowed their compatriot, Fuller Gloom, to take over the wor kof the town "cleaners-up" yesterday and put the "clean-up" on the "clean-up" sanitarily speaking.

In other words, when old "J. Pluve" "cleaned" the "clean-up" last week, the Board of Health and other dirt and disease defying bodies, decided and declared they would have the old town cleaned up in spite of all handicaps, by heck, and that Wednesday would be clean-up day and the town cleaned up, rain or shine.

The elements already mentioned, when they noted this assertation, immediately got busy and yesterday's clean-up day was like, old Daddy Tests' famous thresher and cleaner, it failed to "clean clean."

The proletariat—meaning thereby the yeomen and women of the village—got busy as per schedule and Wednesday morning's slowly rising sun—if she come up at all—saw every street lined with barrels, boxes and bundles of rubbish. They are there yet, we are sorry to state, and poor weak man and woman hereabouts have learned their lesson. They cannot openly flout J. Pluvius by word of mouth and in the public prints and get away with it.

Several trucks came out as per schedule, despite the rain and made a start. They soon grabbed up a load, but when they tackled Guinea Hill, enroute to the dump which made Clearfield famous and Boyntonville mad, the clean-up campaign ended right there.

All the King's horses and all the King's men could not propel a single truck to the dump.

TESTED SEED CORN PROVES BIG SUCCESS

Better seed corn will be used by at least one Roanoke county, Virginia, farmer this year than was ever used by him before. He planted a 26-acre field last spring to corn. Twenty of the acres were planted with seed corn from his father's farm. This he thought was good enough for anyone to plant, as his father had been growing this corn for 40 years. The county agent persuaded him to plant one bushel of corn from an improved variety on the other six acres, in the same field. Both parts of the field received the same treatment. On the 20 acres which were planted with his fathers seed corn he harvested 60 bushels an acre. On the 6 acres he planted to the improved seed corn he gathered 75 bushels an acre.

HOW ABOUT IT?

Editors of newspapers are accused, and in no uncertain terms, at least 720 times every time the clock ticks off a circuit of the dial, that they will give no space to agricultural matters.

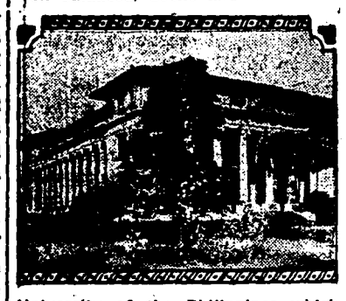

Ninety-nine and ninety-eight one hundredths per cent of all the complants may be traced back to men who seldom if ever make a request for the publication of this soil matter, or were disappointed that the editor should use the experience of years in making needed correction of their composition before he let it get into type.

The average newspaper man is constantly on the lookout for news. He sleeps, eats and breathes it. He could be accused of being with the desire for it 25 of the 24 hours of each day. And yet he is accused constantly of not wanting it.

MYSTERY

Continued from Page One

ry Frank of Wilkes-Barre, arrested here on a charge of conspiracy, bribery and selling liquor without a license, appeared before Judge Thomas J. Baldrige in a habeas corpus proceeding.

"Frank was taken into custody at the Altoona passenger station Sunday evening by Constable George Kolley of the Ninth Ward, the Wilkes-Barre man's arrest having come about after a very careful and lengthy investigation made by the district attorney, state police and local officers of the law who feel that they have uncovered a "whisky ring" which has been pouring liquor nto Blair county, and other arrests are expected to follow very shortly.

District Attorney Marian D. Patterson, in discussing the case this morning, said that Frank is only one of a number of defendants who will be brought before the court to answer charges of illegal sale of liquor in Blair county.

"Following Frank's arrest and confinement to the Blair county jail he secured counsel and came into court this morning asking for his discharge. Attorneys John F. Sullivan and Frank Fay looked after the interests of the Wilkes-Barre man, while District Attorney Marian D. Patterson pressed the case for the Commonwealth.

"District Attorney Patterson told the court that this case would develop the real liquor business in Blair county and in Altoona. Mr. Patterson claimed that Frank or his associates brought into Blair county one, two and three truck loads of of whisky each week for many months. The liquor, he further contened, is adulterated and the alleged violators are making a veritable fortune in their illegal enterprise.

"In view of the importance of the case Mr. Patterson asked that bail be asked for Frank in the sum of $10,000. The defendants counsel objected strenously to this and the court announced that it would fix the sum at $7,500, which amount was not furnished at the time, and Frank was remanded to the Blair county jail."

CLEARFIELD'S BANDS

From 1874 to July 1878, the town was without a band, although in the spring of 1876 a movement to provide one was started and a committee appointed to solicit funds with which to secure instruments. John Kramer purchased a set of instruments and got a band together but interest died out and the band with it.

A number of young men got together and organized the Centennial Minstrels for the purpose of raising a band fund. They gave an entertainment in the Opera House and raised $175, but interest again died out and nothing came of it.

A public meeting was held in July, 1878, and a committee of five named to select a band. A list of names of available young men was handed to this committee and all but two or three on the list were "blue penciled". When this fact was announced the rejected candidates got so mad they immediately proceeded to organize a band of their own and started to raise sufficient funds to finance same.

A band styled "The Citizen's Band" was organized July 28, 1878 and Prof. H. J. Sayers of Boston, was secured as teacher. The following members made up the band:—

J. H. Cramer (leader) Eb Cornet
Frank B. McCullough, Eb Cornet
Harry Ross, Eb Cornet
Alonzo MacLeod, Eb Cornet
John F. Leitzinger, Bb Cornet
Victor Guinzburg, Eb Alto.
L. H. Ale, Eb Alto
Ashley Gulich, Bb tenor
Charles Halford, Bb tenor.
William Bridge, Baritone
Wright McEnally, Eb Bass
W. Irvin Shaw, Eb Bass.
Lewis Boyer, Base Drum
R. W. Adams, Snare Drum.
Frank Reilley, Cymbals
Frank McCullough and Chas. Halford later resigned and Dr. J. Kay Wrigley and Harry P. Bridge took their places. Wrigley played Bb Cornet and Bridge Eb. A Prof. Boetzer of New York, was also secured as a teacher.

No wonder the cost of jails and penitentiaries is mounting so high. At the recent Educational Congress in Atlantic City it was asserted that there are hundreds and probably thousands of rural school teachers in the United States whose annual salary is less than the "cost of feeding a prisoner in the county jail." Those figures should either be raised at one end or lowered at the other.

A Goshen township couple slipped quietly down into Cumberland, Md., and were married on April 22d last. They arrived home a couple of days later and along about Friday night night last the boys and girls of the neighborhood gathered at the home of the bride's parents for the purpose of treating the newlyweds to an old-fashioned country calithumpian serenade.

Much noise was made and much "L" and other things raised. Finally the crowd decided to haze the bride and groom by hauling them about the country side in a buggy.

Now the groom happens to be quite a husky guy and when the boys seized him to put him in the buggy they found they had some job on their hands.

The battle waxed fast and furious and finally the girls went to the aid of the boys. That was too much for mother-in-law. She was not going to have a perfectly good and new son-in-law mussed up if she could help it and sailed into the fray. The battle was a whirlwind while it lasted but the bridegroom held his ground and with the assistance of all his wife's relations remained master of the situation when the smoke of battle cleared away.

It took some time to patch up all the participants, but it was a real party while it lasted.

WAIT TILL THE CHIPS BEGIN TO FLY.

Recently in a neighboring State where Miss Ada Oakes became the bride of Walter Pine it proved to be a real "wooden wedding". Everybody taking a leading part in the affair could "knock on wood" by beating a tattoo on their own bean. Here they are:

The bridegroom—Walter Pine.
The bride—Miss Ada Oakes.
The best man—Robert L. Birch.
The bridesmaid—Anna Lee Laurel.
The preacher—The Rev. Oscar T. Wood.

The ceremony was performed at Washington, N. C. and to make the "wooden flavor" complete the couple went to Hickory, N. C., to spend a week with the bridegroom's aunt, Mrs. E. W. Shingle.

The Rev. Dr. Christian F. Reisner, rector of Chelsea Methodist Episcopal church, New York City, is authority for the statement, made in a recent sermon that women swear more than men. We have long bee nof the same frame of mind but afraid to say so.

Dr. Reisner said that women in New York use the name of God in ridicule and anger more commonly than in any other place in the world. He said this coarsens and spoils women's beauty, and added:

"Swearing is the refuge of the illiterate [illegible] vocabulary is small. The man who ridicules the purity of a woman soon loses the power to love the woman purely. Charles M. Schwab, J. J. Hill and Theodore Roosevelt, leaders in American history, never took God's name in vain."

Mrs. Alice M. Williamson, widow of an English novelist and herself a writer, announces, and expects people to believe it, that her husband's spirit is in constant communication with her. She said the spirit advises her how to write and when she can't think of a word hubby reaches right out of "where you are" and suggests it to her. That may all be true and alright for English women, but we know several American women right here in Clearfield who don't have to call on their husbands, right here in the flesh, to supply a word. No, sir, ree; The poor husbands never can get a word of their own in on the family discussions to save their lives. Will they come back as prompters after they have gone. Nope; they never "come back."

SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound

Ravenswood, W. Va.—"For seven long years I suffered from a female trouble and inflammation so that I was not able to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women."—Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.

The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes headaches, backaches, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience. Remember this, for over forty years Lydia E. Pinkham's Vegetable Compound has been restoring health.

NOT WHAT IT SEEMED

Not many years ago a great clamor went up against the practice of electing judges on party ballots and reformers pointed to an ideal system called the non-partisan method of electing judges. It was claimed that no longer would our judges be subject to political domination or influence, that a dry constituency would be enabled to see their wishes carried out and licenses refused, that under this non-partisan law none but a simon pure lawyer would dare to run for office as he could not depend on any political or booze interest to put him behind the bench.

The Progress long ago lost whatever faith it might have had in the non-partisan law. Rather than taking judgeships out of politics it has muddled every judgeship campaign that no man has been able to predict with any certainty what the outcome of any judgeship contest is to be. It has resulted in political combinations far more dangerous to the body politic than could have been possible when candidates were held in leash by their party leaders.

The people of this county have probably given this matter little thought but before we decide whether our legislators have acted wisely or unwisely in going back to party ballots let us ask ourselves if the non-partisan law, upon trial, accomplished its purpose.

The announcement by the directorate of the United States Steel Corporation of the impending cut of 20 per cent. in the wages of the big steel corporation workers on May 16 has finally marked the initial movement of the big steel corporations in their campaign to reduce wages.

Workers have, in the main, accepted the reduction stoically, with the hopes that business will again pick up somewhere near normal, and money begin to roll into the more-than-ever depleted pocketbooks of the steel mill employees. Those who have been out of work for months look upon it as the first breeze appearing to blow away clouds that have filled the industrial sky ever since the signing of the armistice. Perhaps they are right, time alone can tell.

The steel business is the accepted barometer of trade Should the steel corporation, with its saving in the payroll effected through the 20 per cent. slash, decide that it can operate on a greatly increased schedule, it is an almost undisputed fact that business in general will pick up.

With the steel mills turning out bigger production, the railroads will of a necessity increase their tonnage, and in turn more of the railroaders, many of whom have been jobless since last fall, will again return to their daily labors. Pocketbooks will begin to fill, and long needed wants in all commodities will be given attention.

With these two big branches of industries, acknowledged leaders of the world's business, again in the harness, and increasing their functions, coal and iron mines, automobile factories and the clothing industry, wil lagain, it is hoped, return to normalcy, and prosperity once more reign in the nation.

OSCEOLA

Dear Progress:—

Just a few lines to let you know that we are going to be among the people again. We have been without a home paper in our town for a couple of years and have surely been in the woods in many ways. Now, Mr. E. F. Whitmer from Madera, has purchased the old plant from J. B. McFadden and we soon will have some paper.

Our fire company will break ground for their new hall. It will be a cased brick building.

There will be several fine new buildings go up here this summer.

James Kenna has purchased the sceola Garage building and moved is store into part of it. Now the First Ward voters will have no lace to cast their ballots.

Our baseball fans will have a neeting tonight to organize a baseball team. So look out for Osceola his summer!

BUSINESS AND TRADE

With Special Attention to Coal, Clay and Brick Trade News of Local Interest

FOREIGN TRADE LIQUIDATION

The American people have economized drastically during the past six months. Not only has the ultimate consumer been on a buyer's strike but manufacturers who buy foreign wool, hides, silk, rubber, sugar and coffee have reduced imports in an unprecedented manner. The decline in monthly imports from 500 millions dollars last summer to scarcely 200 million dollars recently has meant not only that prices have declined extensively, but also that the incoming tonnage of goods has fallen below the normal requirements of the United States.

TEXTILES AND SHOES

It is about one year ago that price-cutting began in cotton and woolen goods, although the silk boom culminated later. Goods had been ordered on a large scale for fall trade, but as the alarm spread the orders were generally cancelled. The same was true of shoes, and buying in all of these lines has not been normal since then. The orders were not reinstated. The fall season was practically skipped so far as the mills and factories were concerned, while dealers worked off their stocks, or bought in small lots to meet immediate needs. The spring trade has been handled in much the same way, the buying being relatively light and from hand to mouth, although there has been a good degree of revival in mill operations. The consumption of raw cotton was 366.270 bales in January; 385,563 bales in February, and 437,933 bales in March. The last figure compares with 575,789 in March, 1920.

CARS ENOUGH FOR EVERYBODY TO RIDE

Millions have become a common term in stating money values, but today it is billions. The wholesale value of motor vehicles produced in this country in 1920 was $2,136,183,676. If this amount was represented in silver dollars it would require 13,200 five-ton trucks to transport it. There are 8,500,000 vehicles—one for every twelve people in the country. This means that everyone in the in the United States could ride at one time—with only a little crowding.

USED CARS FOR SALE

We have taken in a number of cars to accommodate buyers of new Paige, Hupmobile and Templar cars. These used cars have been thoroughly overhauled and we assure you they are better values than today's cars of equal price

JERRY GRAFFIUS

Jerry Graffius, of Woodland, as he was familiarly known, died while on his way to work Wednesday morning, May 4th, 1921, from the effects of a paralytic stroke.

Mr. Graffius was born in Shiloh, Bradford township, December 25th, 1848, and was therefore 72 years, 4 months and 9 days old. He had been a resident of Woodland for fifty years, a faithful member of the M. E. church for 39 years and a member of the Official Board of the church for many years. He was a member of the Clearfield Order of Odd Fellows for 38 years and took great interest in the lodge up to the time of his death.

He was a son of Peter and Annie Graham Graffius, pioneer settlers of the township and came of hardy stock, which partly accounts for his healthy life, for Jerry was a true philosopher, if there ever was one. He had the most happy disposition was know nto every man, woman and child within a radius of many miles, and always had a smile and cheery word for everybody and never seemed depressed or down hearted. He will be sadly missed by all who knew him.

Mr. Graffius was married to Miss Annie Dixon 45 years ago. Mrs. Graffius died April 6th, 1920, and since that time Mr. Graffius has been making his home with his son Homer.

His surviving children are: Homer, of Woodland; Wilbur, of Fairmont, W. Va.; Mrs. Maurice Bush of Bigler; Charles, now in Florida and Mrs. Ira Haney, of Schrybers Bridge. Two brothers and one sister also survive, James Graffius, of Woodland; William Graffius and Mrs. Catharine Bennehoof, of Shiloh.

Funeral services will be held at 2 o'clock Saturday afternoon in the M. E. church, in charge of the pastor, Rev. J. P. McCurdy, assisted by Rev. J. F. Strayer, of the U. B. church.

Interment in Bigler cemetery.

I saw an aged man upon his bier.
His hair was thin and white, and on his brow
A record of the cares of many a year;
Cares that are ended and forgotten now.

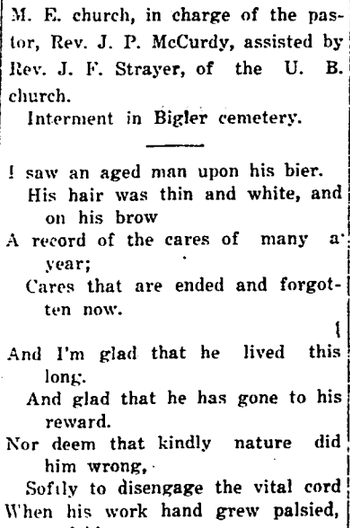

And I'm glad that he lived this long.
And glad that he has gone to his reward.
Nor deem that kindly nature did him wrong,
Softly to disengage the vital cord
When his work hand grew palsied, and his eye
Dark with the mists of age, it was his time to die.

Miss Emma Watson has returned home, after spending the past month in Atlantic City.

Mrs. A. E. Patton is visiting at the home of her sister, Mrs. Fred Read on Second street.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

"IN THE GARDEN OF THE SHAH"

The Glee Club of Clearfield High School has been rehearsing for several months the play which they intend to present on Friday evening. "In the Garden of the Shah" is a three-act comedy portraying life in a Persian harem. Imagine, if you may, the advent of several young American chaps into the garden during the absence of the Shah. Then the Master unexpectedly returns, bringing with him the cross old Sheik who is determined to add the Shah's daughter, Zodah, to his stock of wives, in order to make an even five hundred. Swift, unprecedented action follows, resulting in the final overthrow of the Sheik. Do not fail to see Sam, who alone is worth the price of admission.

"Dat ol' Miss Nawobek" finally is successful in her attempt to sentence the darkey to a diet of stewed dates.

The Glee Club has always been noted for its high class entertainment, and certainly deserves your co-operation and loyal support.

Castle Has Unique History.

One of the oldest and most fascinating English castles, "The Saltwood," near Hythe, has a unique history. The castle is over 1,550 years old. It was built by Olsc, son of Hengist, in 448, and rebuilt by Henry de Essex, the king's standard bearer, in about 1100. The famous Thomas a' Becket's murderers met there in 1162 and laid their plans. During the reign of King John it was noted as the residence of the archbishop of Canterbury.

THE PHILADELPHIA RECORD
$1,000. Puzzle Picture

How many objects beginning with "S" can you find in this picture?

Open to All—Everybody Join In *Costs Nothing to Try*

"The Philadelphia Record" announces today a most interesting and amusing game. All can participate in this great fun game—from a school boy or girl to Dad, Mother, and even Grandpa and Grandma. It holds no preference to age. It is a test of your skill in ferreting out "S-Words" in the Puzzle Picture. It's a jim-dandy puzzle game. We know you will enjoy it, for everyone loves a puzzle, and we venture to say you'll never have more fun.

EASY TO SOLVE

Here's a Picture Puzzle which contains a number of objects and articles beginning with the letter "S." Fifteen Cash Prizes will be given for the best answers to this Puzzle. The answer having the nearest correct list of names will be awarded first prize; second nearest correct list, second prize, etc. See how many you can find.

Additional copies of Puzzle Picture free on request.

It costs nothing to take part. The "S-Word" Puzzle Game is a campaign to increase the popularity of "The Record." It is not a subscription contest, and you do not have to send in a single subscription to win a prize. If your answer is awarded first prize by the judges, you will win $30; but if you would like to win more than $30, we are going to make the following special offer, whereby you can win bigger cash prizes.

—YOU CAN WIN $1000—

Here's how: If the judges award your answer first prize, and you have sent in one yearly subscription to the Daily or Sunday "Record," you will receive $350 instead of $30; Second Prize, $250; Third Prize, $150.00. (See second column of figures in prize list.)

Or, if you are awarded First Prize and you have sent in two yearly subscriptions (either one new and one renewal, or two new subscriptions) to the Daily or Sunday "Record," you will receive $1000 instead of $30; Second Prize, $750; Third Prize, $500. (See third column of figures in prize list.)

It takes but two subscriptions to qualify for the big $1000 reward. Absolutely two subscriptions is the maximum, one of which is to be a new subscriber. You can do this with little effort. Your own subscription will count as one and we can take subscriptions to start at any future date. In sending in your subscription give full instructions on a separate sheet from that on which you send your answer.

Observe These Rules

1. Any man, woman or child who is not in the employ of "The Philadelphia Record," or a member of an employee's family, may submit an answer. It costs nothing to try.

2. All answers must be mailed by your Post Office closing time, May 21st, 1921, and addressed to Ray D. Newell, Puzzle Manager, "The Philadelphia Record."

3. All lists of names should be written on one side of the paper only, and numbered numerically. Write your full name and address on each page in the upper right hand corner. If you desire to write anything else, use a separate sheet.

4. Only such words as appear in the English Dictionary will be counted. Do not use obsolete words. Where the plural is used, the singular cannot be counted and vice versa.

5. Words of the same spelling can be used only once, even though used to designate different objects or articles, or parts of objects or articles. An object or article can be named only once.

6. Do not use hyphenated or compound words, or any words formed by the combination of two or more complete English words, where each word in itself is an object.

7. The answer having the nearest correct list of names of visible objects and articles shown in the picture that begin with the letter "S" will be awarded First Prize, etc. Neatness, style or handwriting have no bearing upon deciding the winners.

8. Any member may co-operate in answering the Puzzle, but only one prize will be awarded to any one household; nor will prizes be awarded to more than one of any group where two or more have been working together.

9. In the event of a tie for any prize offered, the full amount of such prize will be awarded to each tied participant.

10. Subscriptions (both new or renewal) by mail or carrier will be accepted. However, in qualifying for the $1000 Reward, at least one new subscription must be sent in.

11. A new subscriber is any one who has not been receiving "The Record" by mail or carrier since May 5th.

12. All new subscriptions will be carefully verified by the Puzzle Manager. Candidates making subscriptions on new lists positively forfeit the credit of such subscriptions as qualifying for the Maximum Bonus Rewards.

13. All answers will receive the same consideration, regardless of whether or not a subscription to "The Record" is sent in.

14. Three Philadelphia business men, having no connection with "The Record," will be selected to act as judges to decide the winners, and their decision given in writing, the decision of the judges as final and conclusive.

15. The judges will meet on May 21st, and announcement of the Prize Winners and correct list of words will be published in "The Philadelphia Record" just as quickly thereafter as it is possible.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Sexton George Fleming, when the weather permits, and his assistants, are getting the cemetery in shape for Memorial Day. Last season at that time, visitors were of one voice in pronouncing Oak Hill cemetery one of the most beautiful spots it had been their pleasure to visit for a long time. Persons who have relatives buried there and who do not have plots endowed or are on the paid list, should arrange early to have the graves put in presentable shape and not wait until the dawn of May 30th.

Despite the fact that Street Commissioner Dale with men and wagon made the rounds of street and alleys and removed a lot of trash, etc., to the public dumping grounds, there is a lot of work to do yet by property owners and renters before the town is put in a real sanitary condition.

Robert Wolf, a student at Kiskiminetas school, has made good in the category of base ball and is now a regular on the college team. His general average, in games already played with Pittsburgh, Lafayette and other eastern college teams this season, is recorded at 90 per cent.

He comes from baseball playing stock, his Dad, back in the eighties, being one of the best and fastest catchers in this part of the state.

D. R. Fleming was in Bellwood the fore part of the week, attending the funeral of a nephew. The deceased was connected with the Odd Fellows and Red Men's lodges.

A considerable number from the ranks of Curwensville's younger generation, went to Clearfield Tuesday night to witness the show.

Mrs. A. E. Patton, of Philadelphia, was in Curwensville for a few hours on Tuesday, giving her house the once over.

The Abrino barber shop which was sold a week or more ago to a town party, has been re-sold to Clearfield purchasers and the fixtures removed to that town.

Raymond Young expects to remove his household goods and family to Philipsburg. He had been employed in the Abrino barber shop for several years.

Several parties are negotiating for the purchase of the timber standing on the Johnston Holden farm, a few miles from town.

The Iberians.

The Iberians were an ancient people living at the mouth of the Iberus (Ebro) river in eastern Spain. Later the inhabitants of the entire peninsula were called Iberians. The term now is applied to the primitive Neolithic and bronze-age men whose remains and relics are found in ancient graves and grottoes throughout western Europe. The race was characterized by long heads and short stature. The term Iberia still is frequently used in reference to Spain and Portugal, especially in literature, the expression Iberian peninsula being quite common.

Sweetness of Spring Air.

The soft sound of water moving among thousands of grass blades is to the hearing as the sweetness of spring air to the scent. It is so faint and so diffused that the exact spot whence it issues cannot be discerned, yet it is distinct, and my footsteps are slower as I listen. Yonder, in the corners of the mead, the atmosphere is full of some ethereal vapor. The sunshine stays in the air there as if the green hedges held the wind from brushing it away.—Richard Jeffries.

MEAT CAUSE OF KIDNEY TROUBLE

Take a Glass of Salts if Your Back Hurts or Bladder bothers—Meat forms Uric Acid

If you must have your meat every day eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almosts paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulte sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Another Convincing Endorsement Given Famous Nerv-Worth

Fostoria, Ohio, Man Tells How It Quickly Overcame His Weakness Nervousness and Sleeplessness

"I had a sick spell and it left me in such a nervous condition that I could not sleep," wrote M. L. Betzer, 230 W. North St., Fostoria, Ohio, "I was weak in the legs and couldn't go to work without being tired out at night. I decided to try Nerv-Worth and after my second bottle I am happy to say I sleep good, and I'm not a bit nervous. I am getting more strength every day." Nothing needs to be added to the above statement to make it more effective because it tells it's own story. Those who suffer from nervous disorders, stomach trouble, and their attendant ills, should take heed to this mesage for they will find that the old reliable Nerv-Worth containing extracts of roots and plants, will give them quick relief. If you are not satisfied after taking your first bottle, remember that your druggist is authorized to refund your money. Sold by all selling druggists everywhere.

Origin of Treadmill.

The treadmill that was employed for many years in British prisons for purposes of discipline was invented in prison form by Sir William Cubit, of Ipswich, and the power produced was employed in grinding corn and flour for food for the prisoners.

Finger-Nail Secrets.

Those who believe that finger-nails indicate character say that red nails show a nature that likes to rule others and a disposition that is inclined to cruelty. White nails denote that their owner is fond of the opposite sex, but he or she is not strong either in constitution or in character.

Sugar Once Considered Medicine.

Sugar was at first sold by apothecaries, both as a medicine and as a thing to sweeten and make other medicines more palatable, for in those days a medicine which was not bitter and nauseous was not considered effective. The sugar habit grew on people, the production was stimulated and today the whole world uses it as food.

Placing of Furniture.

To make your friends at their ease in your home you must first make them comfortable. Many persons are embarrassed and put at a disadvantage, through no fault of their own, by careless arrangement of furniture. Rugs and footstools so placed as to trip the unwary make many an entrance so awkward as to spoil all pleasure from the start. A fragile table holding a costly Chinese lamp and placed too close to a lounge invites disaster.

the strength building prescription of a famous children's specialist. It's been a household standby since 1885.

What a Mother says:—

"My little girl was very sick and was losing weight terribly. I gave her Dr. Hand's General Tonic, and after the first bottle I began to notice the change. She slept and ate better, and I have recommended it to all my friends and would not be without it.

GOVERNOR SPROUL IS TO CONSIDER FINANCE MEASURES WITHIN WEEK

HARRISURG, Pa., May 5.—Governor Sproul returned to Harrisburg today and held conferences with department heads over the state financial situation. The governor has 825 bills for approval or rejection before the end of the month.

He has expressed the intention of giving consideration to the appropriation bill carrying some $150,000,000. The state is certain of $125,000,000 revenue. The difference must be made up in the new tax sources approved by the legislature.

Governor Sproul, within the next week, will confer with the new Auditor General, Samuel S. Lewis, and State Treasurer Charles A. Snyder, on the general appropriation bill of $60,000,000 to run the state government.

FORMER RESIDENT VISITING HERE

Matthew Townsend and wife were guests of Mr. and Mrs. E. C. Bowman at their home on Ogden avenue the past day or two. The visitors were former residents of Clearfield county, but have spent the past two score years in the West.

Mr. Townsend is a son of Matthew Townsend and was raised in the Sanborn country. His wife, a daughter of the late Daniel G. Bowman, was also a native of that section of the county.

Mr. Townsend left Clearfield in 1883, locating with his parents in Nebraska, and later moving to California.

In 1918 he went overseas with the A. E. F. and had charge of a transportation depot on the other side. He was located at Coblenz, Germany for a time after the armistice had been signed, and also was on duty in Czecho-Slovakia.

His wife joined him overseas last year and they arrived in this country March 16th, and he was mustered out of the service.

Purchasing an automobile, they began their journey home to the Pacific coast by the overland route, and stopped off to visit Clearfield relatives en route. They resumed their journey yesterday, and will visit Delaware relatives before striking the long, long trail across the continent.

RAIN

Continued from Page One

Street Commissioner Graham, who is called upon when everybody else falls down, was S. O. S.ed to the rescue and after much sweating and swearing by many wet men, the road was opened to traffic and the rubbish left where it was, for further orders. Ditto the remainder of the junk about town. When it will be removed now depends entirely on J. P. and D. M.

We'll tell you about when they make up their minds to allow the clean-up to clean-up.

The trucks on hand yesterday were supplied by J. T. Murphy, Penelec Coal Company, Kurtz Bros., Electric Supply Company, Bigler & Shaw, Auto Supply Company, Rorser Furniture Company. Considerable rubbish was removed before the road became impossible.

The thanks of the Board of Health are extended to these people and also to Troop No. 1 of the Boy Scouts, who assisted in the rain. Also Street Commissioner Graham and his street crew.

Mrs. Victor Renaud, Mrs. Norma Rougeux and Miss Agnes Reese, of Karthaus, spent yesterday with friends here.

Two Famous Echoes.

One of the most famous sources of echoes in the world is the "Whispering Gallery" in the dome of St. Paul's cathedral, London, where even the slightest whisper or the sound made by the ticking of a watch returns distinctly after the lapse of a few seconds. There is an echo near Bingent, in Germany, which will toss a sound to and fro no fewer than 17 times.

HERBERT IRA CALDWELL

Herbert I. Caldwell, who met his death near Mill Hall on Friday morning, April 29th, 1921, while at his post as a conductor on the New York Central Railroad, was the eldest son of the late Samuel A. and Eliza Jane Barger Caldwell. He was born at Bigler on October 5th, 1860, and was therefore aged 60 years, 5 months and 22 days at the time of his death.

He was united in marriage to Miss Elizabeth Moyer, daughter of the late Adam Moyer, of Philipsburg, on November 17th, 1887. To this union were born two sons, Samuel A., residing in Clearfield,, and Gordon W., of Jersey Shore.

The family resided in Clearfield for about twenty years, removing some ten or twelve years ago to Newberry and later to Jersey Shore, where they have since resided. He was an honest upright, good citizen. No man was more universally liked and respected by his associates, and his sudden death was a sad shock to all who knew him.

He was a member of LaBelle Valle Lodge, No. 232, F. & A. M., of Jersey Shore, also of Williamsport Consistory F. P. R. S., 32nd degree, and of the O. R. C., Division 435, of Clearfield.

He leaves to mourn the loss of a loving and devoted husband and father, his widow and two sons named. Also three brothers and two sisters, viz: Charles, Frank and Ralph Caldwell, of Winburne, Pa.; Mrs. Florence E. Markle, of Osceola, and Mrs. J. B. Douglas, of Altoona.

He was a lifelong and consistent member of the Presbyterian church and his funeral services, which were held at his late home on Allegheny street, Jersey Shore, were conducted by his pastor, the Rev. Edward W. Byers. The funeral was largely attended and was in charge of the Masons, with a large delegation of the Railway Conductors present. Interment was made in Jersey Shore cemetery.

A SURPRISE BIRTHDAY PARTY AT WOODLAND

A birthday party was held at the home of Mr. John W. Young, lower Woodland, April 30, 1921, in honor of Mr. Young who celebrated his 72d birthday.

Thirty persons were present and the evening was very much enjoyed. A fine supper was served. The out of town guests were: Mr. and Mrs. Frank Caldwell, Mr. and Mrs. Robert Thompson and daughter of Bellefonte, Mr. and Mrs. A. Buck of Shawville. Percy Young of Clearfield, Dr. and Mrs. G. B. Shivery, Mr. and Mrs. Wm. Barger, Mrs. Moor and family, Ed. Eckley's family, Mr. and Mrs. Fred Wisor, Mr. and Mrs. William Young and family, Mr. and Mrs. David Lansberry. all of Woodland.

World's Largest Spring.

What is the largest spring in the world? Florida has one which must be near the head of the list. This is called Wakulla spring. It is 400 feet across, is 80 feet deep and flows at the rate of 120,000 gallons of water every minute. It gives rise to a river 250 feet wide at its source. This mammoth spring is situated about 15 miles from Tallahassee.—Outlook.

Just One Mouthful

In the stomach of a shark recently captured off Australia were found a mustard tin and the lemonade bottle and a woman's bathing suit. The mustard tin and the lemonade bottle might be a little difficult to get down, but surely it wouldn't call for the gulping ability of a shark to swallow a woman's bathing suit nowadays.
